IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Paul Willott, GREETING: You are hereby required to appear in an action commenced against you as defendant, by Mary Elizabeth Willott, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your said minor children, viz.: Albert P., aged 10, Mary T., 10, Robert, 9, Anna, 8, and George, 7 years; on grounds alleged of your willful desertion of her one year; of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, extreme cruelty on your part to her, and your neglect to provide the common necessities for her and your family, where such neglect was not the result of poverty on your part which you could not have avoided by ordinary industry, for one year and more, that you are harsh and of evil manners and example to your children, and that you are in custody of your children, and she is fit and proper to be their guardian, that you and she were married the 10th day of March, 1874, and that she has resided six months and more before the commencement of this suit in Washoe county, State of Nevada, all of which are fully set forth in the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 6th day of July, 1888.

The said action is brought to dissolve the bonds of matrimony now and heretofore existing between plaintiff and defendant, upon the grounds of the desertion and abandonment of plaintiff by defendant without cause, provocation or excuse, on the 10th day of May, 1887, continued heretofore, against the will and consent of plaintiff, and without her connivance or procurement, and that plaintiff be decreed the right to retain custody of her said minor child, and to recover her costs herein, all of which will appear fully in the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. FOR PRESIDENT,

BENJAMIN HARRISON
OF INDIANA.

FOR VICE PRESIDENT

LEVI P. MORTON,
OF NEW YORK.

HARRISON OR CLEVELAND.

Gen'l Harrison in a recent speech freely expressed himself as to the shortcomings of Cleveland, showing very plainly that his views and those of all true citizens were synonymous. He said: "Our Democratic friends are now inclined to withdraw the suggestion that a change is a good thing, but I believe the people, in view of broken pledges and disappointed hopes, will make at least one more. But if the hopes of individual benefit from the election of Mr. Cleveland have been disappointed, has any gain come to the Nation? Has its honor or credit been lifted up? Have we any more reason to be proud that we are Americans? Has our diplomacy gained us increased respect? Has patriotism and loyalty been recognized? No, my countrymen. The flag has dropped to half-mast in honor of a man who was not only disgracefully unfaithful to a civil trust before the war, and a rebel during the war, but who, from a safe haven in Canada, sought by his hired emissaries to give our peaceful cities to the flames. An unrepentant rebel was named to represent this country at the courts of St. Petersburg, unwitting of the fact that the Czar was on our side during the rebellion. The courts of Europe were canvassed to find a place for a man who had declared the government he was to represent a "bloody usurpation." Our fishermen are badgered in Canadian waters, while the peaceful retaliatory powers confided by law to the President are unused. So general has become the condemnation of our diplomatic dealings with Mexico, that our distinguished Secretary of State is said to believe that the whole country has entered into a conspiracy against him, while the jockey club in Mexico has debauched his special envoy. The dying appeal of Mr. Tilden was not enough to arouse the patriotism of a Democratic majority in the House to make an appropriation for our coast defenses. The modest bill for new war-ships—carrying \$6,500,000—was, by decree of the Democratic steering committee, reduced to \$3,500,000, under a threat that it should not otherwise have consideration. Wounded and deserving soldiers have been expelled from public offices upon a secret charge, and their appeals to know the character of the charges have been treated by an arrogant head of the department with contemptuous silence."

California's Remarkable Growth.

SAN FRANCISCO, July 19.—As indicating the probable population of California at the present time, R. L. Polk & Co.'s California State Gazette for 1894, just issued, contains an interesting comment. The work contains over 1,700 pages and nearly 57,000 names of business men and firms throughout the State. This company has been publishing different State directories for years, and they state that, applying their usual ratio of names in the directory to the entire population, it will give California a population at the present time of over 1,500,000, and nearly twice the population of 1880, according to the official census.

There is no occasion for alarm about the surplus in the Treasury while the Government owes more than nine hundred million dollars in four and four and one-half per cent. bonds, of which the present Administration can purchase enough to use up all the surplus whenever it shall seem more important for political purposes to use that money for that end rather than to place it in national banks, without interest, in order to assist the passage of the Mills bill through the lower house of Congress.

The bill providing for the admission of Washington Territory as a State, came up in the Senate Wednesday and the subject elicited considerable debate. The bill is the same as that passed by the Forty-ninth Congress, but did not receive the President's signature for want of time for consideration.

The Supreme Court of the State of Nevada refuses to render any decision in the case of the Prison Commissioners vs. Frank McCallough on the grounds that no real dispute had occurred between the parties, and that the suit is too amicable in its nature.

NO DODGING.

The Senate Tariff Bill Will Meet the Issue Squarely.

WASHINGTON, July 19th.—The Republican members of the Finance Committee of the Senate are engaged in the preparation of a bill to be substituted for the Mills bill. This bill will not dodge or evade the issues raised by the Democrats of the House on the tariff question. It will take ground in favor of protection. It will remove all taxes upon tobacco, upon spirits used in the arts, and upon fruit brandy. It will probably reduce the duties upon sugar, fifty per cent., and will reduce the surplus in the Treasury—by increasing the duties on certain articles that can be produced in the United States—to such a figure that there will be no foreign competition.

Senator Jones, of Nevada, who is a member of the Senate Finance Committee, is actively engaged in the preparation of this bill. He says that there is no prospect of an adjournment of Congress before September 1st, and that the issues of the campaign will be made by the Republicans before adjournment. Senator Jones says that the Republicans will offer a substitute for the Mills bill which is intended to revise the tariff from a protection standpoint, going through every schedule of the existing tariff law. There will be no dodging or hedging, nor attempts to evade the main issue, and when the Republican bill is published the people of the entire country can see what the precise issues are between the two parties. The Mills bill, as passed by the House in Committee of the Whole to-day, changes the existing rates to a very considerable extent, but the reductions are not so great as those originally contemplated by the Ways and Means Committee. The committee's estimate of the reduction of the surplus is about fifty million dollars. The original production contemplated was \$22,000,000 [?] Whether a reduction of the duties will lead to an enlargement or reduction of the surplus is something that cannot with any accuracy be predicted. If importation should increase under the lowering of rates, the surplus would be enlarged. On the other hand, if the importations should decrease the amount of revenue received from customs would fall off.

No member of the Ways and Means Committee is able to tell, with any degree of accuracy, what the precise effect of the Mills bill will be, and several days will elapse before any intelligent guess on the subject can be made.

TOWN AND COUNTY.

BREVITIES

The weather gets no cooler pretty fast.

Hay is selling for \$15 per ton in Pioche.

Go and see Miss Jeffreys-Lewis to-morrow night.

Alt. Chantz, the stenographer, was in town yesterday.

Watermelons are retailing for a cent a pound in Virginia.

An assessment of 50 cents per share was levied Friday by the Belcher Mining Company.

Don't forget the queen of the melodrama will be at McKissick's Opera House to-morrow night.

Miss Davey Ayers came up from the Pyramid Reservation Friday evening on a short visit to her parents.

A dividend of 20 cents per share was declared Tuesday by the Mount Diablo Mining Company of Candelaria.

Although it lacks trees, Pyramid lake is quite as picturesque in other respects as Lake Tahoe, and is much larger.

Why can't Reno look at the Comstock mines, both internally and externally, through the medium of the scene-grams, now pleasing the people south of us?

Henry E. Higgins, arrived home from Sacramento yesterday morning and will act as messenger between here and Winnemucca, while the regulars take their yearly vacation.

Reports from all the mining districts throughout the State are very encouraging, all the mines seeming to have bright prospects. Mining in Nevada is only in its infancy.

Remember the postponed performance of "La Belle Russe" will take place in McKissick's Opera House to-morrow evening by the queen of melodrama, Miss Jeffreys-Lewis.

This evening, between the hours of 10 and 11 o'clock, we shall have a total eclipse of the moon. In this city the eclipse will begin shortly after 8 o'clock and end about 10:23.

The Winnemucca baseball club takes daily practice under the direction of English who is captain and pitcher. They expect to challenge the Carson nine in the near future.

The Enterprise says Judge Rising will probably carry off the first prize for apples at the State Fair. He has a fine orchard consisting of one well-kept tree, which is loaded down with about nine apples.

The Paris mine, of Alaska, of which Senator J. P. Jones is a principal owner, produces \$75,000 worth of gold bullion every month, and experts say that enough is in sight to furnish this amount for forty years.

The Lacerons mine is yielding very rich ore which is being sacked in the mine and hauled to the Franklin smelter for working. It is reported that a considerable quantity of this ore will yield \$400 a ton in bullion.

Naches reports at Winnemucca, that he has been informed that two Indian boys, who were at work on a cattle ranch near Winnemucca Lake, were killed a few days ago. He could learn no particulars, and is disposed to discredit the report.

The report which Sam Davis started in the Carson Appeal that John Mackay had sold his ocean cable to Jay Gould for \$11,000,000 is emphatically denied by both of these gentlemen. Sam wouldn't be happy if he was not lying about somebody.

Services at the Baptist Church this morning and evening, Rev. C. L. Fisher, pastor. Subject for 11 A. M., "The World to Come." Sabbath School at 12:15 P. M. Subject for 7:30 P. M., "The Three Crosses." Prayer meeting Thursday evening at 7:30 P. M. An invitation to all.

A STOCK PARADISE.—Northern Nevada is this season the cowboys' paradise. The seasonable rains that have made the people of Idaho and Montana happy, have extended down into the northern part of Nevada. Northward of the Central Pacific, toward the Snake river, the whole face of the country, even to the billtops, is carpeted with grass and flowers. Rousing in this beautiful and well-watered region there are estimated to be 80,000 head of cattle, all rolling fat. Up there the ranchers have on hand much hay put up last year. This season they will eat one-half more than they did last year.

ATTENTION WHEELMEN!—You are requested to meet at the Golden Eagle Hotel this morning at half-past eight o'clock, in uniform, for a run to Leaverton's Springs. All wheelmen invited. C. M. FASSETT, Captain.

A SOCIAL EVENT.

The marriage of Stanley Peek and Miss Cora Ferguson yesterday.

Yesterday afternoon the nuptials of Stanley Peek and Miss Cora Ferguson were celebrated at the residence of the bride's mother, on Chestnut street, in the presence of quite a number of intimate friends. The contracting parties are known by everybody in Reno, Mr. Peek having had charge of the electric light power here since its construction, and by his steady habits, hard work and capability was elevated to the responsible position of Superintendent and Business Manager of the company at their last meeting. Miss Cora is one of the most popular young ladies in Reno, having resided here with her parents from childhood; is a native of this county, and is esteemed by all for her good-hearted and cheerful disposition.

THE CEREMONY

Was performed by the Rev. C. L. Fisher at about 2:30 o'clock, Miss Lizzie Malott acting as bridesmaid, and Mr. Geo. Cheyne, of Woodland, acting as groomsmen. The bride was dressed in a shrimp pink surah silk, trimmed with point lace, natural orange blossoms and elegant diamond ornaments, and looked charming as she was led to the head of the parlor by her future guide through life, and listened to the short but impressive Baptist marriage ceremony. Miss Malott, the bridesmaid, wore a dress made of tan canvas cloth, trimmed with dark velvet, natural flowers and diamond ornaments. After the ceremony and all had congratulated the couple, the guests repaired to the dining room where a bountiful wedding dinner had been spread, and for a couple of hours all were busy doing justice to the wine and eatables spread before them.

THE PRESENTS

Given to the new couple with which to start married life were numerous and costly, a complete list of which is given below:

House and lot on West street by the bride's mother, Mrs. Jas. Ferguson; half dozen silver knives and forks, the bride's brother and sister, Will and Stella; china set of 100 pieces, Geo. Humphreys; silver waiter and half dozen flowers Della and Henry Douglas; patent rocking chair, Mr. and Mrs. Douglas; plush rocking chair, Mr. and Mrs. Stevenson; sewing machine, S. W. Peek; silver butter dish, Mr. and Mrs. R. V. Borden; fancy apron, Mrs. Beamer; silver table and butter knives, Leone and Lizzie Malott; berry dish and celery glass, Mrs. Wilson; half dozen silver teaspoons, Dr. and Mrs. Bishop; silver castor, Mr. O. H. C. B.; silver cake basket, Mr. and Mrs. Blanchard; Japanese basket, Mr. and Mrs. Dean and daughter, Emma; individual salt cellars, Miss Mary Taylor; silver spoon holder, Polly Fredrick; fancy chair, Mrs. Martin and Mrs. Thomas.

THE GUESTS.

The JOURNAL reporter noticed the following ladies and gentlemen who were present: Mr. and Mrs. Cheyne, of Woodland, Cal.; Miss Lizzie Malott, Mr. and Mrs. S. Bishop, Mr. and Mrs. J. M. Blanchard, Mr. and Mrs. L. Stevenson, Mr. and Mrs. O. H. Perry, Miss Chrissie Andrews, Miss Emma Dean, Mrs. Louis Dean, Mrs. Ed. "SHE."—The Webster-Brady Co., will produce Rider Haggard's "She" in McKissick's Opera House next Wednesday evening. This will be the first scenic piece put on in the new theatre. Of Brady's version of the S. F. Chronicle says:

The Alcazar had a large audience last night when the Webster-Brady Co. produced "She." The version is purely dramatic and scenic, and it comes out better than we expected it would. It is very well and conscientiously noted. Interest entirely centers in "She" and "Ust ne," and both are well played. Charlotte Little takes the first part. She is a fine effective figure and she speaks her lines admirably. The dignity of the part is well maintained. Laura Bigger deserves as much praise for "Ust ne," which she endows with a great deal of dramatic feeling. It will do a good business.

Sets now on sale at Nasby's.

JEFFREYS-LEWIS MONDAY.—In speaking of this great actress, the Seattle Daily Times, of June 12th, says:

The performance of La Belle Russe at the opera house last evening drew a full house. The play was above the average in point of interest and attraction, so much so as to hold the audience in the closest attention.

Miss Lewis is an actress of talent and education, and seldom fails of pleasing the most exacting of audiences. Harry Mainball, as Capt. Dudley Brand, was equally attractive, and received hearty recognition from the audience. The support throughout was good and La Belle Russe may be voted a very creditable performance.

MINING NEWS.

Operations to be Resumed in the South End Mines—Other Notes.

The Virginia Chronicle, of Friday evening, contains the following interesting mining news:

In outside stock the Tascoronas absorb the greatest attention with a decided upward tendency in values, more marked in Nevada than in Commonwealth notwithstanding the latter is considered equally as valuable a mine as the former, the ore extracted showing a higher assay average value than any heretofore developed in that district.

AT THE SOUTH END.

Active operations are soon to be resumed in the New York, Silver Hill and Kossuth, in all of which there are said to be extensive areas of low grade ore which can be profitably handled at the present cost of milling.

These mines are all controlled by the Senator Jones party which in fact has the management of all the Gold Hill and south end mines except the Yellow Jacket, Confidence, Overman and Alta. A well-known Mining Superintendent remarked recently that if ore crushing facilities were available the bullion yield of the Comstock lode would exceed \$2,000,000 monthly.

THE CALIFORNIA MILL.

It is now certain that the California battery mill will begin crushing ore before the first of August. Shipments from the Con. Cal. & Va. to the Eureka have been entirely suspended until after the wood drive in the Carson river has passed the mill. The flow of water now in the river is barely sufficient to operate less than one-third of the full complement of stamps at the Eureka. When the wood drive passes the mill shipments of about fifty tons of Con. Cal. & Va. ore will be made daily.

HALL & NORCROSS JUNE BULLION.

The bullion yield of the Hall & Norcross mine in June was \$149,305 13 of which about 40 per cent was gold. The total bullion yield of the mine since the ore discovery above the 700 level is above \$640,000 of which \$224,000 has been disbursed in dividends to shareholders in four consecutive monthly dividends of 50 cents per share each—about 35 per cent of the present quoted value of the stock.

MISCELLANEOUS NOTES.

Superintendent Coffin, of the Nevada Queen, telegraphed as follows: "North Belle Isle, 400 level, has reached the Queen line. We take the drift to dry. The ore is high grade. The mine continues to look well at all other points." The Superintendent of the North Commonwealth telegraphs as follows: "In the south drift the ore is improving in quality; 2½ feet of good ore in the face and widening."

Our Wealthy Men.

Much has been said in newspapers of men who have made large fortunes in comparatively a few years in various business industries. Many of these articles are written by correspondents of prominent newspapers, and copied into others of lesser note. Correspondents generally are seldom men of business qualifications and wondrously picture these men and their business as a thing of accident; this is not the case with those we have met. We find that where men have made large fortunes by their own business talent and industry they chose with sagacity and forethought such business as would lead to success when handled with business judgment. No man has been brought before the public as an example of success, both in wealth and magnitude of his business (outside of stock and railroad men) more prominent than Dr. G. Green of Woodbury, N. J. He is at the head of many large business industries, and yet comparatively a young man. When the fact that August Flower, for dyspepsia and liver complaint and Boschee's German syrup, for coughs and lung troubles, has grown to a wonderful sale in all parts of the world, it proves that it was not an accident or spontaneous strike at wealth. His medicines are recognized as valuable and established remedies and the business has grown gradually and permanently during the last eighteen years on account not alone of Dr. Green's abilities as a business man or his "good luck," but on the actual merits of the two preparations.—N. Y. Weekly Sun, of Dec. 22, 1886.

AT MOUNT VERNON.—The Washington Star, of July 12, has the following personal notice of interest to many of the JOURNAL's readers:

Mrs. J. P. Jones and her guests, Mr. and Mrs. C. C. Powling, of Reno, Nev., and Miss Buckner, Mrs. Jones' niece, all visited Mt. Vernon yesterday and ate their luncheon on the lawn. Mr. Powling was a member of the committee that waited upon Mr. Levi P. Morton, with the formal announcement of his nomination on Saturday at Rhinebeck. He is the editor of the Reno Journal. Mrs. Jones has given up her tour in Europe for this summer. Her little daughter has recovered her health, and Mrs. Jones will go this month to her home in Gold Hill, Nevada, where her mother resides. Later in the summer she will be promoted to Santa Monica, on the coast of Southern California, where Senator Jones is having a cottage built for a summer home for his wife, and she will superintend the finishing and decorations of it. They are vacating the Winston house, that has been sold to Mr. Mann, of Chicago, and will probably not take a house here for the short season next year. The fine, large painting of Mt. Hood by Bierstadt, that occupied one end of Mrs. Jones' drawing room, last season, will find a home for the present in one of the rooms at the Cosmos Club house.

Frank Bocowitz dressed 75 of his Reno friends with the handsomest Republican badges that have as yet appeared.

Bringing Gladness

To millions, pleasing their palates and cleansing their systems, arousing their Livers, Kidneys, Stomachs, and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Sold by Wm Pinniger, Reno.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a disordered condition of the liver which, in performing its functions, sending it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

When Baby was sick,	We gave her Castoria.
When she was a Child,	She cried for Castoria.
When she became Miss,	She clung to Castoria.
When she had Children,	She gave them Castoria.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

PLATFORM AND SOLUTIONS.

The Republicans of the State of Nevada in
convention assembled again express their loy-
alty to the principles of the Republican party,
which have made the country so great and pros-
perous during the last quarter of a century.
Resolved, That the question of a sufficient
supply of a circulating medium to maintain a
permanent range of the price of labor and
property is the most important political ques-
tion awaiting solution by the American people.
Resolved, That a diminishing quantity of
money reduces the price of labor and property
increases the obligation of contract, enriches
the creditor, impoverishes the debtor, and par-
alyzes industry and enterprise.
Resolved, That the present financial system
of the United States, which increases or dimin-
ishes the circulating medium at the pleasure of
the manipulators of the National bank, with-
out regard to the increase of population or the
wants of the people, and which recognizes gold
alone as the standard of value, and places in
the hands of the Treasury Department all the
revenue of the Government to speculate with
in bonds and loan to National banks without
interest, is subversive of the rights of the people
oppressive, unjust, and should be repudiated.
Resolved, That a financial policy whereby both
gold and silver shall form the basis of circula-
tion, whether the money used by the people be
coin, or in certificates redeemable in coin, or
both, as convenience may require, is imperi-
ously demanded.
Resolved, That the attempt to substitute Na-
tional bank notes, costing the Government
millions of dollars annually, for free silver,
costing nothing, is an outrage upon the people,
and that money ring or trust, which has usurped
the sovereign power of the Government to is-
sue money, and which has fraudulently demon-
etized silver and seized the revenues of the
Government for private speculation, shocks the
moral sense of the people and destroys the
confidence in Government and law. We demand that this
ring or trust be destroyed and equal rights re-
stored to all people.
Resolved, That we charge that President
Cleveland is the willing tool or agent of a pow-
erful money ring which attains the subjection
of the Government, makes war on silver, issues
its paper currency at the expense of the Gov-
ernment, borrows the revenues raised by tax-
ation, and uses them with out the payment of
interest contracts the currency to enhance the
value of bonds, and enriches the usurers while
it depresses the price of labor and property.
Resolved, That we favor the nomination of
no man for President, who is personally inter-
ested in National banks or the bonded indus-
tries of the United States, but we demand a
candidate who is free to do justice to all the peo-
ple of the country, the poor as well as the rich.
Resolved, That we charge that the President
and his advisers, by which they prevented a
vote in the House of Representatives on the Bank
suspension bill, and the President's veto of
the bill, equal the villainy of the secret and fraudulent
demonetization of silver in 1873.
I.
Resolved, That we are in favor of the pro-
tection of home industry, and that the laborers
of this country have a right to all the work re-
quired to supply the people of the United States,
and that we are in favor of high wages in this
country, and to that end will protect the wages
competition with the cheap labor of other lands.
Resolved, That the policy of the Government
should be inaugurated and established by the
people through their representatives in both
House of Congress, and not by the President
or the money trust, of which he, either as
agent or head, is most active in defending.
II.
Resolved, That we charge President Cleveland
with violating every promise he made in favor
of civil service reform, with crippling the mail
services, with refusing to sign necessary bills
for the improvement of rivers and harbors,
with using the power of his Administration to
prevent appropriations for a navy and coast de-
fense, with attempting to destroy the protective
tariff, with courting the good will of other
nations at the expense of the citizens of the
United States, and with joining the foreign
bondholders to demonstrate and destroy
the industries of our country, and for the re-
duction of wages of the Mint employees at Car-
son for closing the Carson Mint when it was
about to start, and thus cut a source of revenue
to the Government for its contentment, and
for pension bills for the relief of disabled sol-
diers and sailors, and for failing to construct
the Government building at Carson as required.
III.
We are in favor of the absolute exclusion
of Chinese, and the restriction of immigration,
by which the present overcharged condition
of the labor market is made worse, and also favor
legislation by which a revision of our natural-
ization and land laws may be accomplished.
IV.
We demand, in behalf of our various indus-
tries, the retention of the duties on lead, bones
soda, hides and leather, and to restore the
tariff of 1867 on wool.
V.
Resolved, That we recognize the right of
labor to organize for its lawful protection.
VI.
Resolved, That we favor the re-issuance of
the Legislature to the people of an amendment
to the Constitution giving the Legislature the
power to regulate the liquor traffic.
VII.
We favor liberal appropriations by Congress
for hydrographical and topographical surveys
in this State to the end that the water waters
may be preserved for the purpose of irrigation.
VIII.
We endorse the wise and conservative admin-
istration of Governor O. G. Bevenor, and we
heartily commend the able efforts of Senators
Stewart and Jones and Representative Wood-
burn in behalf of the interests of the people of
this State.
IX.
We favor the granting to Nevada of all Gov-
ernment land within the State for the purpose
of providing means for irrigation and other
improvements.
X.
We favor the reduction of the Treasury em-
ployees by the payment of pensions to Union
soldiers, their widows and orphans, the improve-
ment of rivers and harbors, the building of
defense for our sea-coasts, the erecting of
public buildings, the creation of a navy, the
release of bonds and the repeal of the inter-
nal revenue laws taxing tobacco.
XI.
It is the duty of the State to maintain free
non sectarian schools in the rural and sparsely
settled districts as well as in towns and thickly
settled sections, and that such a division of the
school money should be made as will furnish
the means of education to all children in the
State.
XII.
We are in favor of re-opening the Carson
Mint for coinage, and raising the wages of its
employees to the standard paid by the last Re-
publican Administration.
XIII.
We demand the restoration of the mail ser-
vice in this State to the efficiency maintained
by the last Republican Administration, and
favor the payment of fair wages to all postal
employees.
